

# Message from the CEO

The reminiscence of the sight that welcomed me during my field trip and academic research to some rural communities in Nigeria still has a reverberating effect in my memory. The starving little ones; unclothed and barefooted, adults made old by tiresome labour in the farm, the supposed leaders of tomorrow with sordid exposure to education, and the seemingly wasting destinies.

RNI kicked off in a bid to carve a path in this story. We wish to change the narrative with our story of empathy, love and fairness to humanity. A story of fairness, because it remains very pathetic that farmers live in extremely harsh and demeaning conditions and do not receive commensurate attention or reward for their heroic labour. We consistently take from these heroes to feed and sustain the larger society but fail to give back at the same frequency, forgetting that today's neglects are tomorrow's nuisance.

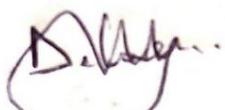

A story of love and empathy, because of the millions of innocent children, born and unborn, with so bleak a future!

Researches have shown that about 79% of those experiencing poverty live in rural areas and poverty rates increase as rural areas become more remote. Also, as at 2014, Africa is the world's most rural region with 60% of her population living in rural areas, many of whom are trapped in chronic poverty which is likely to be transmitted from generation to generation. Empathy gives us a reason to restore hope, include the excluded in the larger society; care for the deprived, marginalized and neglected, as well as spread love amidst greed and selfishness.

We at RNI are a people; a community, young and vibrant, with a sense of responsibility and commitment to Africa's development. We are creative and innovative minds, driven to create social impact and enhance nation building. We are a movement comprising of change agents (rural nurturers) 100% aged 16-40 years, who serve as repairers of breaches and restorers of paths. As African youths, we have left being the "leaders of tomorrow" to being the "answers of today".

Together, we are on a mission to change the narrative of rural communities in Africa thereby making our world a better place. My exposure while in school, to the harsh and demeaning living condition in our rural communities stirred up a passion to proffer lasting solution. I was determined to not only be a voice for the underserved but to raise a movement committed to improving the quality of lives of rural dwellers and facilitating inclusive and sustainable rural development in Nigeria and Africa at large. We are Rural Nurture Initiative; a call, a response and an answer!

For the impacts that RNI has made so far, thanks to all our sponsors.

## Our Vision

We envisage an Africa where everyone, especially the youths, is an active player in facilitating development and civilisation through charity, volunteerism, brainstorming and innovation; hinged on collaborative efforts and partnerships at local, national and international levels.

## Our Mission

Our mission is to deploy philanthropic strategies to promote sustainable rural development through individual and institutional capacity building, as well as infrastructural development among rural dwellers with emphasis on, but not limited to remote rural settlements.

## Core Values

**SERVICE**

**INNOVATION**

**DILIGENCE**

**LEADERSHIP**

**EXCELLENCE**

**ACCOUNTABILITY**

**DOGGEDNESS**

## Our Objectives are to:

1. Work towards actualizing the Sustainable Development Goals (SDGs) with emphasis on SDGs 1, 2, 3, 4 and 6.
2. Provide social safety nets for the poor and pro-poor in rural communities, while bringing such communities into developmental limelight
3. Employ holistic approach to tackle developmental problems by implementing programmes centered on education, agriculture, health, empowerment and community felt-needs
4. Project the felt needs of rural communities to the general public for necessary intervention
5. Create a platform for urban dwellers to support the underprivileged in rural communities
6. Create incentives for business owners to perform their Corporate Social Responsibilities
7. Promote innovative ways of engaging African youths to contribute to Africa's sustainable development through active volunteerism
8. Assist in capacity building and talent development of African Child and Youth, to become change agents and policy makers in their respective countries.

# OUTREACHES

## 1. MEDICAL OUTREACH

**Aim:** to improve the health status of Agele and Mogba villagers

**Date:** Saturday, 22nd June, 2019

**Location/beneficiaries:** Agele village, Ibarapa East LGA, Eruwa, Oyo state. Although the outreach was intended for Agele and Mogba villagers, there was a conglomeration of a few neighbouring villages amongst whom were Fulani, Tiv and Igede.

**Number of beneficiaries:** 76 adults (43 female, 33 male)

### ACTIVITIES

- General set-up of equipment and materials
- Sensitization on Water, Sanitation, and Hygiene (WASH) in two groups; adult and children
- Registration, administration of questionnaires to obtain their demography information and giving of tags as identification number throughout the medical exercise.
- Medical exercise which included; vital signs (blood pressure, height and weight) and BMI check, malaria and HIV testing
- Consultation with the doctor, free dispensation of drugs and counselling of patients.

## 2. CHARITY OUTREACH

**Aim:** to ameliorate poverty in the targeted villages

**Date:** Saturday, 22nd June, 2019.

**Location:** Agele village, Ibarapa East LGA, Eruwa, Oyo state.

**Number of beneficiaries:** 174 persons (43 female adults, 33 male adults, 52 female children and 36 male children)

### ACTIVITIES

- General set-up of equipment and materials
- Gift items such as clothes, slippers, toothbrushes, toothpastes and food items which included milk, beans, and salt were distributed to the villagers.
- Donation of other household materials such as bath soap, detergent and matches to them.
- Interviews with 3 members of the village who were selected at random.

## Major Challenges

- Transportation delay during the journey, due to mechanical faults developed by two of the cars conveying the team to the outreach location.
- Another delay was experienced at the Police check point due to inability to provide complete particulars by one of the car drivers.
- Insufficient doctors and pharmacists
- Insufficient medications
- Lack of privacy for patients during consultation

## Recommendations

- Proper servicing of vehicles should be ensured for subsequent outreaches.
- Proper vehicular inspection to ensure that the drivers have complete and up to date vehicular particulars.
- More doctors and pharmacists should be taken along for subsequent outreaches.
- More drugs and medications should be provided including antibiotics, antacids and antihypertensives.
- Drugs should be pre-packed in envelopes before the outreach so as to save time.
- Inclusion of blood sugar level testing is recommended for subsequent health outreach
- Private booth or stand should be provided for consultation so as to give room for privacy of the patients
- There should be an effective protocol team to ensure better orderliness amongst villagers in subsequent outreaches.

## Major Challenges

- The team arrived at the school 3 hours behind the scheduled time because the hired bus driver arrived late. This caused a disruption in the time plan.
- Insufficient time allotted for practical activities and competition during the outreach.

## Recommendations

- Reliable bus drivers for conveyance to outreach location should be secured.
- Subsequent outreach should ensure proper time management, i.e. enough time should be allotted to each activity to ensure effectiveness.
- More practical activities should be included in education outreaches as it was observed that practical activities resonated well with the pupils.

## **3. EDUCATION OUTREACH**

**Aim:** to help the rural pupils get back to school, stimulate their interest in learning and help both parents and teachers prioritize quality education.

**Location:** St. Timothy RCM primary school, Amuloko village, Osun state.

**Date:** Friday, September 20, 2019

**Number of beneficiaries:** 33 students (21 females, 12 males)

### **OUTREACH ACTIVITIES**

- Registration of pupils and general set-up of equipment and materials
- Spelling bee/reading competition, colouring and drawing competition, craft making (broom making competition), and presentation of gifts to the winners of the competitions.
- Career talk which focused on the importance of focus and hard work to achieve success.
- A talk with the parents on the importance of child education.
- Distribution of free school uniforms to 30 pupils who earlier wore mufti to school because their parents couldn't afford one, while uniform materials were given to 3 pupils who had torn or worn uniforms for repair.
- Distribution of back-to-school packages (notebooks and a purse containing pencils, biros, crayon, sharpener and eraser) to each pupil.
- Pasting of educational charts and posters in the classrooms
- Giving of learning materials such as textbooks, cartons of chalks, red and blue biros, liquid blackboard renovator to the teachers, to aid the teaching process. Light refreshment was served to everyone present.

## **VOLUNTEERS HANGOUT 2019**

We organised a Volunteers hangout on December 6, 2019, in celebration of International Volunteers Day which falls annually on December 5.

The hangout aimed at enhancing social relationships among the volunteers.

It featured games, dance, meet-a-friend, food and drinks, as well as photography.

Location: Ice 'n' Cream, Ibadan

*Social impact and a good social life;  
we are promoting a healthy balance!*

## **MY SKILL MY IMPACT PROJECT (MSMIP)**

**About:** My Skill, My Impact Project (MSMIP) is a skill-based volunteering project that encourages individuals to actively volunteer and invest their skills to support and meet identified needs, thereby impacting lives in rural communities. A certificate of participation is usually presented to our MSMIP Participants at the end of each project.

**Maiden participants:** Fashion designers (5 females, 1 male)

**Duration:** 3 weeks

### **ACTIVITIES**

- Purchase of uniform and sewing materials
- Collection of purchased items by the Volunteer Fashion designers
- Sewing of school uniforms to be given to the pupils during the education outreach

## [FINANCIAL REPORT]

Any great vision requires enormous resources and to that end, during 2019 fiscal year, we utilized a range of tools and resources to help meet essential needs in some remote and underserved rural communities in 2 different States (Oyo and Osun States) in Nigeria. We are full of gratitude that individuals joined alongside our volunteers, donors and partners to support our humanitarian and developmental activities in these rural communities.

RNI's total revenue was ₦454,850.76 while our total expenditure was ₦330,427.38, leaving us with a closing balance of ₦124,423.38 at the end of 2019. In addition to this, our estimated in-kind donation was ₦145,000; expenses footed by the CEO was ₦295,790; while another ₦15,000 was contributed by some volunteers towards the volunteers' hangout, out of which only ₦13,980 was spent and the balance, ₦1,020, was given towards our upcoming project. This makes a total of ₦909,620.76 as our overall revenue.

We are proud of our financial efficiency and accountability as we ensure frugality and work to maximize the value of every financial and material resource we receive.

Our goal is to multiply sustainable impact across Africa, while ensuring effective capacity building of our volunteers in order to deepen RNI's impact at a faster rate. Strengthening and spreading our work remains a priority and we look forward to penetrating more villages and expanding the organisation's scope of impact in the coming years.

In the light of this, it is necessary to tackle some of the challenges faced in 2019, of which transportation is paramount. Consequently, it is really our desire to acquire an Official Bus for the organisation in this 2020 fiscal year. Other challenges that if solved, will facilitate smooth running of our outreaches this year includes acquiring: cameras, tripod stand, rechargeable public address system with wireless microphones, printer, projector and screen, as well as a power generator.

Ultimately, to do more and spread our impact in 2020, we need more financial resources.

Support us! And know that we are very committed to remaining efficient and accountable stewards of the resources generously entrusted to us.

Thank you for your support!
